What is the cost of an alarm permit registration?

There is an **initial \$37.00 alarm permit registration fee** for Residential or Commercial Properties. Permits are valid for (1) year and must be posted near the alarm panel. Permits are automatically renewed each year at no cost if the owner did not have any false alarms. There is a **renewal fee of \$15.00** if the alarm owner had 1 or more false alarms during the previous 365 day period.

Do I need to get a building permit to install a new alarm?

Yes. The alarm company that is installing the alarm must request a building permit. After the alarm has been installed, the Building Department will come and complete a final inspection and sign off on the permit. When you go to get your alarm permit you must bring a copy of the final inspection. Contact the Building Department at 305-622-8029 for additional information.

What happens if I have a false alarm and fail to pay the renewal fee?

If the \$15.00 alarm permit renewal fee is not paid by the due date, the alarm permit becomes invalid and the alarm is considered to be **unregistered**. The owner will not receive a new permit and must pay the **initial \$37.00 alarm permit registration fee** to receive a new alarm permit.

Are false burglar alarms a problem?

The Miami Gardens Police Department is tasked with prevention of criminal activity and response to public safety calls within the City of Miami Gardens. During 2011, Miami Gardens Police Officers responded to over 3,100 false alarms, which placed a significant burden on resources. So far, in the first quarter of 2012, the Department has responded to 834 false alarm calls. Responding to false alarm calls reduces the hours of patrol time and obligates two officers who would otherwise be dedicated to crime prevention.

In response to the high number of false alarm calls, on April 27, 2011 the City of Miami Gardens entered into an agreement with CryWolf False Alarm Solutions. CryWolf is a third party contractor that will administer this program. With the budget issues facing local governments, many cities have turned to outsourcing false alarm services and instituting a revenue sharing program to reduce employee costs in administering the program.

What does the City expect to accomplish by enforcing the false alarm ordinance?

The City wants to substantially reduce the number of false alarms to which officers respond. This program is necessary due to the burden placed on the police department in responding to false alarms. Studies have shown that enacting a structured program with escalating fines reduces the number of false alarm calls and as a byproduct allows police officers to be available to respond to other calls for service.

What if my alarm is activated?

The Alarm Owner will receive a Notice by mail stating the date and time that an alarm activation was received by the Miami Gardens Police Department. Alarm Owners will receive an invoice based on the chart below:

For a registered account, there is no charge for the first or second false alarm activation within a 365 day period.

For accounts that are unregistered at the time of a false alarm a civil penalty, in addition to any false alarm fines incurred and the \$37.00 registration fee, will be charged for any false alarm activation within a 365 day period.

How much will I be charged?

False Alarm Count	False Alarm Fine	Additional Unregistered Alarm Civil Penalty
1 False Alarm	0	\$50
2 False Alarms	0	\$100
3 and 4 False Alarms	\$50	\$250
5 and 6 False Alarms	\$100	\$500
7 to 10 False Alarms	\$200	\$500
11 Plus False Alarms	\$500	\$500

Will I be charged for alarm activations that are not false?

No, you will never be charged for a burglar alarm activation that is not false. This ordinance allows charges for false alarms only.

Who determines the fee amount for false alarms?

The Miami Gardens City Council approved the Alarm Ordinance and the Revenue Manual that outlines the fee structure for burglar alarm permits and false burglar alarms.
